Proceedings of the Madras Government, Public Works Department, *24th March* 1871.

No. 627. Read the following Endorsement of the Director of Public Instruction, dated Madras, 21st March 1871, No. 483 :—

From the Principal of the Civil Engineering College, to the Secretary to Government, Public Works Department, dated Chepauk, 18th March 1871, No. 670-C.

I HAVE the honour to report that consequent on the return of Mr. Bradshaw, 1st Assistant Master in this College, from the leave to Europe for one year, granted to him in *Fort Saint George Gazette* dated 23rd August 1870, page 1,055, I have no further need of the services of Serjeant W. Cames, who under G. O., Educational Department, No. 294, dated 26th September 1870, was appointed to act as Assistant Mathematical Master during Mr. Bradshaw's absence.

2. Mr. Bradshaw's return after only seven months' absence has made Serjeant Cames' case a hard one, for he says he was put to great expense when leaving his appointment in the Public Works Department in the Godavery District to join the Civil Engineering College, and he will again be subjected to this if he has to return to that remote district.

3. As an Overseer he is very highly spoken of, as the reports of his Range Office will testify; I therefore venture to hope that some consideration may be shown to him, and that, if practicable, he may be now employed in the Madras or Mount Ranges of the 4th Division, or on the Red Hills Works.

4. During his stay in the College he has given me complete satisfaction. As a teacher he is intelligent, painstaking, and zealous, and as a subordinate well conducted and most respectful, and I much regret having to part with him.

FORWARDED to the Secretary to Government, Public Works Department, with the support of the undersigned.

Director of Public Instruction.

No. 628. ORDER THEREON, 24th March 1871, No. 900.

ESTABLISHMENT, No. 59.

THE Principal of the Civil Engineering College will be informed that, as the appointment and employment of Overseers rest with the Superintending Engineers, the Government are not in a position to post Serjeant Cames to any particular range or special work.
